1. **St Joseph’s Regional College**

The School opened in 1969 as St Joseph’s Hastings Regional School in Warlters Street (formerly Bay Street), Port Macquarie. The Regional school was the foundation campus for the three other Parish schools. A decision was made in the early 1980’s not to develop the Warlters Street site with permanent buildings. The school was renamed St Joseph’s Regional College and re-located to Sovereign Hills for the start of the 2009 school year.

It is in the process of becoming a Year 7-12 college starting with Year 11 in 2010 and Year 12 in 2011. The College has a projected enrolment of 900 in 2011 and has a master plan designed to cater for 1200 students in the future.

2. **MacKillop Senior College**

MacKillop Senior College was opened in 1988. Seventy students commenced Year 11 at St Joseph’s Regional while the first stage was built. This initial group were joined by another seventy students in 1989. A total of sixty-four students completed the College’s first NSW Higher School Certificate in 1989. The College has been expanded with three building stages. The last stage included the hall, the senior study centre, visual arts room and new classrooms. The original multi-purpose hall was converted into the Performing Arts Centre.

3. **St Paul’s High School**

St Paul’s High School opened with 215 students in Years 7 and 8 in 1995. Subsequent building stages were completed in 1995, 1996 and 1997. The Multi-Purpose Hall and adjoining Music, Visual Arts and Drama rooms were constructed in 2001. St Paul’s has an enrolment of over 700 students.

A new master plan will enable the school to increase by one stream per year to around 800 students in total.

4. **Newman Senior Technical College**

Newman Senior Technical College is a senior secondary school for students in Years 11 and 12. Established by St Agnes Parish in 1979 as St Joseph’s Vocational College, the College has a rich history and tradition of excellence and innovation and is widely recognised as a national leader in its field. In 2006 the College became the nation’s first and largest Australian Technical College and operated in this format for three years. Subsequent to change in government policy and funding arrangements, the College became Newman Senior Technical College in 2009.

The opportunities for students at Newman Senior Technical College are truly unique. Students study their HSC in combination with a range of national qualifications allowing them to graduate with their HSC along with a significant head-start in their career. Central to the success of this model is regular industry contact for students through ‘on-the-job’ training one day per week.
